

RoHS3 Compliance Statement

European Directive 2011/65/EU (RoHS2)

This statement certifies that Active Electronics Plc supplied products do not to the best of its knowledge contain substances listed in the table below in excess of the Parts Per Million (PPM) as outlined in the directive RoHS 2015/863/EU in force July 22nd 2019.

RoHS3 deals with the same hazardous substances and the same maximum concentration limits as Directives 2002/95/EC (RoHS1) and 2011/65/EU(RoHS2). However, the directive does allow provision for some specific exclusions such as lead in glass and ceramics etc. Equipment used for military and medical purposes, together with monitoring and control instrumentation, are also exempt.

RoHS is a European Directive that restricts the use of:

HAZARDOUS SUBSTANCE

Allowed PPM Level

Lead (Pb)	0.1% by weight (1000 ppm)
Mercury (Hg)	0.1% by weight (1000 ppm)
Cadmium (Cd)	0.01% by weight (100 ppm)
Hexavalent Chromium	0.1% by weight (1000 ppm)
Polybrominated Biphenyls (PBB)	0.1% by weight (1000 ppm)
Polybrominated Diphenyl Ethers (PBDE)	0.1% by weight (1000 ppm)
Bis (2-Ethylhexyl) phthalate (DEHP)	0.1% by weight (1000 ppm)
Benzyl butyl phthalate (BBP)	0.1% by weight (1000 ppm)
Dibutyl phthalate (DBP)	0.1% by weight (1000 ppm)
Diisobutyl phthalate (DIBP)	0.1% by weight (1000 ppm)

In the UK the RoHS Directive is implemented through the RoHS Regulations (Statutory Instrument 2017/2102).

Statement of Conformity

We herewith declare that all products supplied are RoHS-compliant; to the requirements of this regulation Exemptions listed in the annex of the RoHS-Directive may be used. Active is fully committed to the aims and requirements of the RoHS Directive and will be able to confirm the status of individual part numbers and predict compliance dates, provided the relevant information is available from the manufacturer.

Products containing the substances listed above in concentrations below the PPM are understood to be in compliance with directive 2015/863/EU of the European Parliament and the Council of 4 June 2015 on the restriction on the use of certain hazardous substances in electrical and electronics equipment (RoHS Directive) in accordance with the definitions set forth in the directives.

Dodd-Frank

This document, dated September 4, 2012 is a complete declaration on behalf of Active Electronics Plc, that products supplied comply with the Dodd-Frank Wall Street Reform and Protection Act (section 1502) requiring disclosure of the presence of minerals mined in the Democratic Republic of the Congo and/or adjoining countries.

Conflict Materials

Metal	Commercial Ores
Tin (Sn)	Cassiterite
Tantalum (Ta)	Coltan (columbite-tantalite)
Tungsten (W)	Wolframite, Scheelite, Ferberite, hubnerite
Gold (Au)	Various free and combined forms

Active Electronics Plc strives to remain compliant with regulatory requirements through an ongoing review of raw materials, processes, and vendor evaluations. For more information regarding our component solutions please visit our web site at www.active-electronics.co.uk
